FIND INSPIRATION

Come to UBC and be inspired by this place. From your first moment on campus, you’ll be in awe of the extraordinary natural landscapes, the diversity of the University community, and the innovative spirit of this century-old academic institution. It’s no wonder that UBC is ranked among the top two universities in Canada, and among the top 25 public universities and top 40 research universities in the world.*

This is where bright minds come to teach and learn, to ask questions and seek answers. This is where the next generation of leaders and change makers, like you, get their start.

*Academic Ranking of World Universities (Shanghai Ranking), Times Higher Education World University Ranking, and Webometrics Ranking of Universities
FIND GLOBAL PERSPECTIVE

Come to UBC and be welcomed by a truly international community of expert faculty and top students who are passionate about teaching and learning. As a UBC student, you’ll have the opportunity to challenge established ideas and test new theories, share your views and gain a fresh perspective. It’s this diversity of culture and experience that makes UBC strong, that brings the University closer to communities and the world closer to you.

62,923 STUDENTS

INCLUDING

1,542 ABORIGINAL STUDENTS FROM 177 COMMUNITIES

14,434 INTERNATIONAL STUDENTS FROM 162 COUNTRIES

5,474 FACULTY MEMBERS

98% OF FULL-TIME FACULTY HAVE PhDs
Come to UBC and make it yours. Here, you have vast opportunities and the ability to forge your own path. Here, anything is possible.

**Find your starting point.** Be part of a connected community or a cosmopolitan city.

**Find your niche.** Connect with others who share your interests or a common history.

**Find your purpose.** Lend a hand in your local community or take your learning on the road.

**Find your passion.** Specialize in one subject or pursue an interdisciplinary degree.

Come to UBC and find your place. Tuum est. It’s yours, and it’s up to you.

“Our professors are passionate about teaching. They go above and beyond to help us succeed.”

OKANAGAN CAMPUS
FIND YOUR STARTING POINT

UBC’s Okanagan campus is located within the territory of the Syilx Okanagan Nation, whose spirit of stewardship informs UBC’s respect for sustainability and the land.

Life on UBC’s Okanagan campus is shaped by Kelowna’s fast-growing economy, the natural beauty of the Okanagan Valley, and some of the best weather in Canada.* Immerse yourself in one of North America’s most scenic cities, or enjoy year-round escapes to one of the region’s 300 trails or 250 lakes. With small class sizes, unique campus-city partnerships, and more than 700 research projects underway, UBC’s Okanagan campus makes it easy to plug into a close-knit community of educators, emerging scholars, and innovative entrepreneurs.

Vancouver campus

FIND YOUR STARTING POINT

UBC’s Vancouver campus is located on the traditional, ancestral, and unceded territory of the Musqueam people. For generations, this territory has been a place of teaching and learning for Musqueam people — a tradition that continues to this day.

Surrounded by temperate rainforest, majestic coastal mountains, and the Pacific Ocean, UBC’s Vancouver campus is just 20 minutes from Vancouver’s city centre. That means you can bike in one of the largest urban parks in North America, wander through galleries and museums, and sample international cuisine — all in the same day, without leaving the city. Given Vancouver’s vibrant culture, dynamic economy, and favourable climate, it’s easy to see why this Olympic city is consistently rated one of the best places to live in the world.*

GIVE BACK
Gain real-world experience in your area of study and make meaningful contributions to important initiatives and research, on campus and in communities around the world.

SEE THE WORLD
Take advantage of UBC’s partnerships with international universities to immerse yourself in a new culture with a study-abroad experience in one of 40+ countries.

GET EXPERIENCE
Expand your career network and learn alongside professionals in your field with local and global practicums, internships, and co-op terms ranging from three to 16 months.

375+ undergraduate students will participate in an enriched learning experience before they graduate.

Involvement
FIND YOUR PURPOSE
At UBC, you’re encouraged to venture off campus and out into the world. Community-based learning experiences, co-operative education, and academic exchange are just a few of the ways that you can broaden your perspective and develop valuable skills.
When it comes to academics, reputation matters. UBC’s ability to draw top faculty and attract significant research funding translates into a world-class learning environment for you. As a UBC student, you will enjoy access to degrees in every major field of study, hundreds of opportunities for specialization, and a wide range of options for enriching your education on campus and beyond.

**FIND YOUR PASSION**

Academics

**ARTS ONE AND COORDINATED ARTS PROGRAM**

Spend your first year learning from a multidisciplinary team of instructors in a small and supportive cohort. Choose Arts One for a writing-intensive program with a humanities focus in one of two streams (Authority and Resistance, or Knowledge and Power) or opt for the Coordinated Arts Program to explore subjects in one of five streams (Media Studies; Global Citizens; Individual and Society; Law and Society; or Philosophy, Political Science, and Economics).

**SCIENCE ONE AND COORDINATED SCIENCE PROGRAM**

Spend your first year in a small cohort exploring scientific questions with like-minded students using concepts from biology, chemistry, physics, and math. Apply to Science One for a focus on research and independent work, or choose the Coordinated Science Program for supportive group learning and hands-on activities in weekly workshops.

**VANTAGE ONE**

Earn first-year degree credits and develop your academic English in a cohort-based, 11-month program that prepares you for a smooth transition to second year.

**MEDIA STUDIES**

Prepare for a professional career in media by exploring eight arts disciplines and computer science through theory, research, and application.

**URBAN FORESTRY**

Learn how to manage urban green spaces and work with other urban planning professionals to develop attractive and sustainable shelters.

**DATA SCIENCE**

Discover how you can use computer science to organize and visualize data and statistics to formulate questions and reach evidence-based answers.

**PHILOSOPHY, POLITICS, AND ECONOMICS**

Learn how to analyze the rules that govern us, examine decision-making in a global market, and develop critical and informed opinions about the world in which we live.

**INTERDISCIPLINARY PERFORMANCE**

Develop a comprehensive view of contemporary creative processes and practices through the interdisciplinary study of performance, visual arts, and creative writing.

**BACHELOR + MASTER OF MANAGEMENT DUAL DEGREE**

Pursue a subject you’re passionate about and concurrently earn a postgraduate degree from one of the world’s most prestigious business schools.

**INTERPRISE**

Spend four months with a cohort of students from universities around the world and gain business skills to prepare you for a career in any field.

**INTERNATIONAL ECONOMICS**

Study international trade, finance, and development in a small, cohort-based program that combines economic theory with strong technical training.

**SCIENCES PO**

Study in Canada and France and earn degrees from UBC and France’s Sciences Po, a research-intensive university specializing in social sciences and humanities.

**INTERESTED IN AN Emerging Discipline OR A Dual Degree?**

What about small-group learning or interdisciplinary study? Check out some of the University’s groundbreaking options.

you.ubc.ca/programs
“Sitting in a lecture, listening and learning fundamentals, is one aspect of education, but it’s important to know what’s happening right now in the world. Students who engage in research become part of a community, do well in their courses, and are in a better position to know what they want to do after graduation.”

“You don’t have to be a Nobel Prize winner to create something innovative. Many of the ideas in my lab come from undergraduate students.”

“Engineering’s small class sizes let you get to know your professors. Dr. Hoorfar has been especially supportive.”

“Every year, I hire 15 to 20 undergraduate students to work in my lab.”

“A BIG IDEA ...
“Jannat and my PhD student developed a portable, handheld device for measuring diabetes via breath – something totally innovative that changed the world.”

“MY ADVICE?
“Get engaged – in research, clubs, and activities. This is your time to explore and find what you’re good at.”

“My undergraduate research on microfluidic gas sensors has helped me realize the impact I can have as an engineer.”

“REAL-WORLD RESULTS
“My research has applications in biomedical devices, environmental monitoring, fuel cells, and more.”

“UBC provides lab space and scholarships, and helps me write proposals and patent ideas. We have a great support team here.”

“Every year, I hire 15 to 20 undergraduate students to work in my lab.”

“Students are my first priority. When I’m not in my office, they can always reach me online or by phone.”

“Drawing has been my go-to for years. Fine Arts was one of my degree choices when I applied to UBC.”

“A BIG IDEA ...
“A new idea led to $2 billion in new research
“This technology is the basis for my lab’s current work.”

“A BIG IDEA ...
“Jannat and my PhD student developed a portable, handheld device for measuring diabetes via breath – something totally innovative that changed the world.”

My four years at UBC functioned as a great rehearsal for the working world. The courses challenged me to think more critically, not just in the classroom walls. That feeling became infectious.

"My research is in high-performance materials with peacekeeping applications."

Monday to Monday, practicing a lifetime of collaboration and leadership to improve communities and workplaces.

"I visited Saami reindeer herders."

"To be awarded alongside incredible young Canadians working toward a more sustainable future from coast to coast to coast is a moment I will always cherish."

"I was an international student in Canada and now I work in the Navy in Norway.

"I was an environmental engineering undergraduate student at UBC and I am now an environmental engineer at Shell in Calgary.

"Take advantage of research opportunities for undergraduate students.

"Don't underestimate the impact that one lecture, one contact, or one conversation can have in your career."

"The critiques that were part of my UBC elective or two.

"I ended up doing a master’s degree!"

"Every person I meet at UBC seems to have a story to tell. Your UBC application will be evaluated on a combination of your academic achievements and your personal story. That’s where the Personal Profile section of the online application comes in.

"It’s your chance to tell the University who you are. It’s your chance to tell UBC what you are passionate about. This is your chance to show the University that you’ve made, and the different ways you get involved in communities you’re part of, the academic strides you’ve made, and the different ways you get involved in research."

"Be true to who you are. Tell UBC what makes you and yourself. Use details to substantiate and elaborate how to write your strongest profile. Get tips and advice on how to write your personal statement.

To be considered for admission to UBC, you must meet the University’s general admission requirements and degree-specific requirements, and demonstrate English language competency.

**General admission requirements for Canadian curricula**

- Graduation from high school
- Five appropriate Grade 12 courses, including ENG611 or ENG621
- A minimum grade of 70% in either Grade 11 or Grade 12 English
- Minimum English Language Admission Standard: TOEFL score of 70–90. Scores above these ranges are seen more favorably.

**MATH INFORMATIQUE** does not satisfy the math requirement for admission to UBC's science-based programs, the Faculty of Management, the Okanagan campus's School of Economics, or the Okanagan campus's Bachelor of Medical Sciences.

**American school system**

- A Grade 11 social studies course
- A Grade 11 or Grade 12 foreign language course
- A Grade 12 math course
- A minimum score on a recognized English proficiency test

**French Baccalauréat**

- Completion of the baccalauréat général or the baccalauréat général technologique
- Completion of the baccalauréat professionnel
- A minimum score on a recognized English proficiency test

**International baccalauréat (IB)**

- *IB Diploma Programme*
  - A subject may be used in the admissions average if it is a recognized high school curriculum that can be used for one or two terms of instruction at UBC.
  - IB Math Studies does not satisfy the math requirement for admission to UBC's science-based programs, the Faculty of Management, the Okanagan campus's School of Economics, or the Okanagan campus's Bachelor of Medical Sciences.

**International students**

- As a student in the English Foundation Program, you will complete intensive English language training and/or academic language development courses.
- Transfer applicants will be assessed on the most recent 30 credits attempted, including transfer and recorded courses. Some programs may require specific core courses.
- You must submit SAT scores (or ACT scores if preferred) with your application. You may be exempted from the SAT essay section.
- Students completing a secondary school curriculum for which English is the language of instruction will not need to complete the equivalent of UBC’s first-year English Language Development.

**English language competency**

English is the language of instruction at UBC. To study here, you must meet the English Language Admission Standard. The most common ways to meet the English Language Admission Standard are to achieve a minimum score on a recognized English proficiency test such as the International English Language Testing System (IELTS) or the Test of English as a Foreign Language (TOEFL). To complete a certain number of years of schooling and/or achieve certain grades in senior-level academic courses at a recognized English-speaking school.

**English proficiency test scores**

If you attend a non-English-speaking school, you can satisfy the English Language Admission Standard by achieving a minimum overall IELTS score of 5.0 or TOEFL score of 70–90. Scores above these ranges are required for UBC’s standard, direct entry degrees.

**First-year options**

- **Vantage One**
  - Begin your studies immediately in one of four academic streams while simultaneously developing your academic and professional skills.
  - After successfully completing this 11-month program, you can transition to the second year of your chosen degree. Available to first-year international students only.

- **Conditional Admission Program**
  - As a conditionally admitted student, you will be accepted into your chosen degree on the condition that you develop your academic English to the required standard through this intensive English program.
  - Available on UBC’s Vancouver campus only.

**Students interested in studying abroad**

- For students interested in studying abroad for one or more terms, visit you.ubc.ca/ studying-abroad.

- UBC’s 8 campuses provide a wide variety of study-abroad options.

- Credit earned on these programs will transfer to UBC.

- The baccalauréat technologique may be considered for admission on a case-by-case basis. The baccalauréat professionnel does not comprise a curriculum that can be used as your basis of admission.

- A subject may be counted at both A Level and GCSE.

- Students who complete the IB Diploma in English may be required to take a minimum of 30 credits in an English course at either the IB SL or HL level.

- Math Informatique does not satisfy the math requirement for admission to UBC's science-based programs, the Faculty of Management, the Okanagan campus's School of Economics, or the Okanagan campus's Bachelor of Medical Sciences.

- Students completing a secondary school curriculum for which English is the language of instruction will not need to complete the equivalent of UBC’s first-year English Language Development.

- As a conditionally admitted student, you will be accepted into your chosen degree on the condition that you develop your academic English to the required standard through this intensive English program.

- Available on UBC’s Vancouver campus only.

**CURRICULUM**

- **APPLIED SCIENCE (ENGINEERING)** BSc:
  - Pre-Calculus 12
  - Chemistry 12
  - Physics 12
- **ARTS IA**
  - Biology 11
  - Pre-Calculus 12
  - Chemistry 11 (or Physics 11)
- **HUMAN KINETICS** BHE:
  - No specific courses required beyond those needed for general admission
- **INTERDISCIPLINARY PERFORMANCE** BIA:
  - Pre-Calculus 12
  - Pre-Calculus 12 or Calculus 12
  - Portfolio submission

- **MANAGEMENT** BMgr:
  - Pre-Calculus 12

- **MEDIA STUDIES** BMS:
  - Pre-Calculus 12

- **SCIENCE** BSc:
  - Pre-Calculus 12
  - Pre-Calculus 12 or Calculus 12
  - Portfolio submission

- **VISUAL ARTS** BFA:
  - No specific courses required beyond those needed for general admission

**AMERICAN SCHOOL SYSTEM**

- Pre-Calculus
- AP Chemistry (or two full years of Chemistry)†
- AP Physics (or two full years of Physics)†

**BRITISH-PATTERNED SYSTEM**

- Math (A level)
- One of Chemistry or Physics (A or AS Level)
- Chemistry (GCSE)
- Physics (GCSE)

**FRENCH BACCALAUREAT**

- Mathématiques* (coeff. 7+)
- Phys-Chimie (coeff. 6+)

**INTERNATIONAL BACCALAUREATE (IB)**

- IB Mathematics*
- IB Chemistry†
- IB Physics†

**OTHER INTERNATIONAL CURRICULUMS**

- Senior-level Math*
- Senior-level Chemistry
- Senior-level Physics

---

* Requires senior-level Pre-Calculus Math (other international curricula: Math Informatique (French Baccalauréat) and IB Math Studies do not meet the requirement.
† Academically strong candidates missing either senior-level Physics or senior-level Chemistry (or their equivalent) may be evaluated on a case-by-case basis.

* Requirements apply only to direct-entry specializations, including Acting, Film Production, Theatre Design and Production, and Visual Art. 
** For students with IB Math HL, scores of 5 or above are considered to be equivalent to Pre-Calculus 12 and Math (A or AS Level). Students who do not meet the requirement should apply for direct-entry specializations. 
†† Any applicant who has completed senior-level Math studies in a curriculum that does not include Calculus may be considered for admission to Bachelor of Arts programs at UBC. 
†‡ Academically strong candidates missing either senior-level Physics or senior-level Chemistry (or their equivalents) may be evaluated on a case-by-case basis.

1. No specific courses required beyond those needed for general admission.
2. Application will not meet the requirements for one or more programs. See more information on the UVic, BSc, BSc Arts, BSc CRIM, BSc ED, BSc WPP, WSC, WPP, and WPP programs.
3. Additional requirements can be found by UBC. For details contact UBC or your high school.
4. All courses must be taken for grade and/or cutoffs as specified.
5. CBET requirements are specific to the program and cannot be fulfilled with the courses listed.
6. No specific courses required beyond those needed for general admission.
7. Additional factors include the country of origin, personal experience, and letters of reference.
8. No specific courses required beyond those needed for general admission.
9. Portfolio submission is required for general admission.
10. No specific courses required beyond those needed for general admission.
11. Portfolio submission is required for general admission.
12. Supplements may be required in addition to the requirements for one or more programs. See more information on the UVic, BSc, BSc Arts, BSc CRIM, BSc ED, BSc WPP, WSC, WPP, and WPP programs.
13. Academic policies are flexible and may require additional requirements or specific courses given by UBC. For details contact UBC or your high school.
14. Additional factors include the country of origin, personal experience, and letters of reference.
FIND YOUR STRATEGY

A UBC education is a significant but valuable investment that will pay dividends throughout your lifetime. When you consider the approximate first-year costs indicated below, you’ll find that UBC’s tuition compares favourably with that of other prestigious institutions worldwide.

**BUDGETING FOR FIRST YEAR**

- **$5,190+**
  - **DOMESTIC TUITION**
  - Depending on your degree

- **$34,847+**
  - **INTERNATIONAL TUITION**
  - Depending on your degree

- **$10,000+** and
  - **ROOM AND BOARD**
  - Including on-campus residence and meal plan

- **$3,600+** and
  - **OTHER LIVING EXPENSES**
  - Including telephone and internet service, health insurance, personal care, clothes, hobbies and recreation, and start-up costs

- **$4,000+**
  - **STUDY RESOURCES**
  - Including equipment, laptop, textbooks, and student fees

**AWARDS FOR CANADIAN CITIZENS**

UBC works with prospective students and their families to ensure that no eligible Canadian citizen is prevented from attending the University for financial reasons alone. With the help of donors, UBC provides over $17 million annually in scholarships, bursaries, and career development initiatives to outstanding Canadian undergraduate students.

**AWARDS FOR INTERNATIONAL STUDENTS**

Each year, UBC makes available $20 million from non-public sources to provide scholarships, awards, research grants, and career development initiatives to outstanding international undergraduate students who demonstrate academic excellence and leadership qualities.

**ONLINE COST CALCULATOR**

Use the University’s online cost calculator to refine your estimate and plan for your future.

you.ubc.ca/financial-planning/cost

**MONEY-SAVING TIPS**

Although your tuition will be set by UBC, there are still plenty of ways to manage your expenses and stick to your budget.

- Buy used textbooks.
- Take advantage of free on-campus events and activities.
- Use your unlimited public transit pass to get around.
- Use Skype to call home.

**DECEMBER 1, 2017**

- **Canadian students:**
  - Deadline to apply for admission for Winter Session (September 2018 to April 2019) if you wish to be considered for a Major Entrance Scholarship. All Canadian citizens and permanent residents who apply by this date will be automatically considered.
  - Deadline to apply for admission for Winter Session (September 2018 to April 2019) if you wish to be considered for the Centennial Scholars Entrance Award.
  - A separate application package for this award is required and must be sent no later than November 15, 2017.

- **International students:**
  - Deadline to apply for admission for Winter Session (September 2018 to April 2019) if you wish to be considered for an International Scholars Award or a MasterCard Foundation Scholars Award. A separate nomination package for these awards is required and must be sent no later than November 15, 2017.

**JANUARY 15, 2018**

- Deadline to apply for admission for Winter Session (September 2018 to April 2019).

**MAY 1, 2018 OR JUNE 1, 2018**

- Deadline for most students to accept UBC’s offer of admission.
